

SUBJECT: How To Obtain Duplicate Copy of ON-LINE Course Completion Certificate

April 2, 2009

This message provides the instructions on how a duplicate copy of the course completion certificate for the "On-Line" course can be obtained (this does not apply to a classroom course, which procedure is included in the Participant Workbook). The AARP DSP State volunteer organization does not handle any administrative aspects of the on-line course. If anyone should contact you and need information on how to obtain a duplicate certificate, here is the process:

<p>They need to call 1-800-350-7025. The company which administers the course for AARP is named US Interactive. They are the ones to assist any caller.</p>
